Subject: Notification per PRN 98-10 – Adding graphics to the label
Product Name: Alice
EPA Registration Number: 74559-7
Application Date: 09/03/2019
Decision Number: 555233

Dear Mr. Chum:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, you may contact Aline Heffernan at 703-347-8602 or via email at Heffernan.Aline@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Aline Heffernan", is positioned above the typed name.

FOR USE ON CARPET[†]:

To use as a pretreat & sanitizer: Shake well, turn nozzle to spray position and spray a light even coating over soiled area until wet. Allow to remain wet for 1 hour. Deep clean following your machine's guide.

FOR USE ON SOFT SURFACES OTHER THAN CARPET:

To spot clean & sanitize: Spray a light even coating on soiled area until damp. Allow area to remain damp for 1 minute. Gently blot area with a clean, damp, color-safe cloth. Repeat as needed. Let air dry.

To deodorize or freshen: Spray until slightly damp to eliminate odors. For difficult odors repeat application. Let air dry.
